DIGITAL MEDIA
YOUR FUTURE COULD BE FUN AND GAMES
Under the broad umbrella of digital media you’ll find some of the most exciting and fastest growing industries in the world. Whether it’s animation, games design or digital film, these areas are the way of the future.

A digital media workshop will help you figure out how to get your foot in the door. From the basics of 3D modelling to creating a portfolio (essential for entry into popular degree paths) – you’ll get tips, tricks and insight to help you stand out from the crowd.

A DIGITAL MEDIA WORKSHOP IS FOR YOU IF . . .
You’re thinking about studying some form of digital media when you leave school – whether you’re not sure which direction you want to take, or you’ve always known specifically that you wanted to design high-speed action games for a living.

Our industry-based tutors will guide you and advise you about creating a portfolio, and you’ll leave prepared to apply for courses.

FASHION DESIGN
PERFECT YOUR PORTFOLIO
Create a dazzling portfolio with help from our industry experts. A well-presented portfolio showcases your creative ability and can be the deciding factor when it comes to awarding places on popular degree paths.

Give yourself an edge over your peers with this four-day workshop. You’ll see what best practice looks like in terms of sketches, design, mood boards, images and fabric research. You’ll be shown the fundamentals of a well-designed portfolio and have time to apply this knowledge to your own.

A FASHION WORKSHOP IS FOR YOU IF . . .
You know you want to study a fashion degree when you leave school and want first-hand advice from industry decision-makers to help secure your place on a course.

INTERIOR DESIGN
GET INSIDE THE WORLD OF INTERIORS
Think you understand the spaces you live in? This workshop will teach you how parts of them are allocated for specific things, how people move (or don’t move) through them, and how certain surface finishes create different effects.

You’ll be introduced to the basic principles of interior design, and you’ll get guidance from industry-based tutors on how to create an impressive, well-organised portfolio. Your portfolio is your passport to further study – it’s the make-or-break part of your application.

AN INTERIOR DESIGN WORKSHOP IS FOR YOU IF . . .
You want to study interior design when you leave school and you want a head start when it comes to preparing a portfolio for your applications. Well-designed spaces make you feel at ease, and you want to know how that’s done.

PHOTOGRAPHY
SHOOT FOR SUCCESS
Drawn to darkrooms, or the slick complexity of everything digital image capture has to offer? Considering a career in photography?

This four-day workshop will equip you with foundational skills to give you a feel for the job, and set you on the right track when you go about applying for courses. With guidance from professional photographers and printmakers, you’ll be able to create a portfolio that stands out from the rest – even if you haven’t got the faintest idea how to start.

A PHOTOGRAPHY WORKSHOP IS FOR YOU IF . . .
You want to study photography when you leave school – the art of it fascinates you, and you know there’s more out there than Instagram filters. All you need is some guidance from those in the know to secure your place on a course.
